9:53 AM

While thinking about the case, I saw water in a quarry, it was very blue. I only saw a portion of the limestone pit and a bit of water, like this

Then I immediately was inside a large, and very long tunnel/shaft/sewer. It was very long. This is where she's at, or where she was.

It's inside
about a
mass area

lots of pay loaders in various spots in the same area.
Big sun rising.

heard, "Sun, sun, sun, here it comes"

Is there anything I should know before I leave?

I'm inside a long tunnel/sewer and it comes out where rock is. I thought "Starved Rock" but I'm not sure if that was projection or not. However, I saw a human skull inside this tunnel/sewer and it was a different

skull than the one I've been seeing in
rock. The tunnel was also different.
With Starved Rock, I have seen a
blonde woman w/ a man, lovers,

man & wife (dressed in wedding night
lingerie). The man was a knight
or something. I'll try to find the
Starved Rock ones and post them
all together.
