What does "f" mean? f 7 "Cruisifix" but a woman is on it

* w/ woman on it. She is very
feminine w long, ^{blond (yellow)} fully hair,
longer than shoulder length.

Tell me more about "f"
lighthouse, Alcatraz ^{take lightly} (maybe my own projection)

water, then shaking but not
drastic, slow, rocking - subtle change

A A I couldn't make this out
seemed like those Chicago Bldgs.
Then seemed like a rock, ^{or something} and
was a limb cut off on an angle.

Pure white ^{thin puffy} clouds over very dark
Back Sky  (closing in?)

wondering if that means the good
(white) covering the bad (black)?

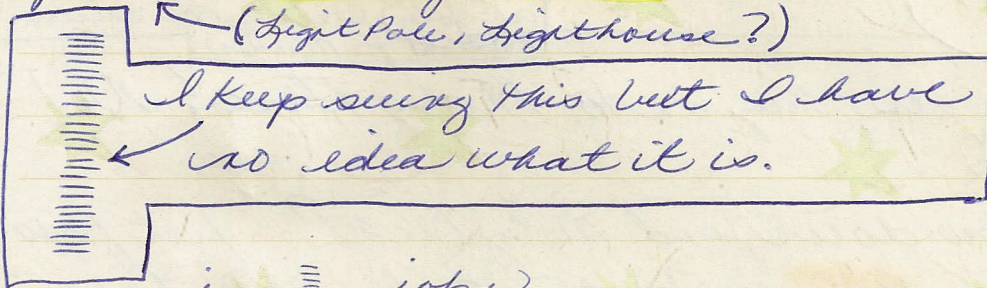

This makes me think of the detective

Tell me more? 7 Car seat from driver's ^{side near} passenger's seat view, being crushed folded forward, there may be someone sitting in it. Something, some big, long solid squarish, oblong object is crushing the seat forward

could also be lumber or steel beams, and not a solid object. Felt more like steel bars

More about Moby Dick and how to find him? 7 right hand palm forward Uncle Sam looking hand

pointing directly at me with a forceful
sounding "You!" (meaning me)

Fine. Then show me how to find

him. A hand holding something,

€ darkened and not so clear.
