Whatcha got for me today, Lisa?

The pac man thing was  
cutting the sail in sections.  
I just heard "precision"

Lisa, what is "precision"?

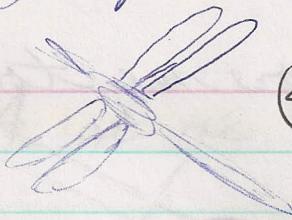

Looks like an  
ostrich, or  
a turkey... some  
kind of bird  
that can't  
fly.

"I Love You."  
(in writing)  
something that  
I can't make  
out. I heard "Car!"

material "tacking".

What do I need to know, Lysia?

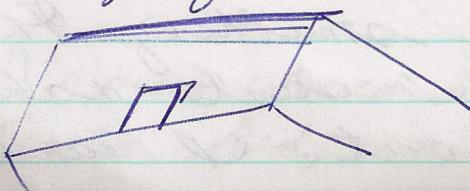

Medical symbol  
in gold and its  
rotating around. The  
wings at the top almost  
looks like a cherub/angel.

← This changes into  
as (a 'messy' S)  
and  
its rotating  
but in the  
opposite

direction as the medical symbol.

→ A not so well defined Y  
that's a bird of prey. As it flies  
flies in closer it looks like  
a tiger face than a bear face.

I see a room  
and something about

A-LINE™

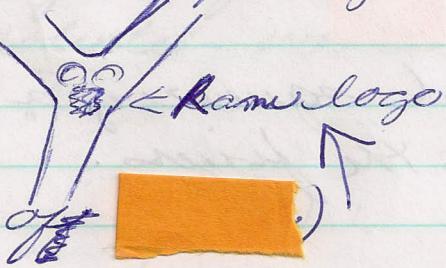

1 the ceiling, more detailed? not sure  
2 then the view of the room rotates  
3 so the door is straight in front  
4 of me, it's open. and  
5 I saw and heard "what if?"  
6 The room felt like a police  
7 room/station/ headquarter/ office.  
8

9 What if what?

10 it's a very violent.  
11 revolver firing. ~~s~~  
12 its silver and looks  
13 like those older kids play gun, real  
14 cowboy & Indians theme. like an  
15 older .357 revolver.

16 Rose pin (it was pretty) and  
17 then a

18 (I thought off .)

19 What does this mean?

20 Right Hand up // heard "Bear Claw"

more or what this means?

{ Something, rope or whatever  
"Twisted" knotted.

27 What's twisted? Heard  
28 "Rosal"

29 I see a ram head.  
30 But it's distorted and  
31 rocking back and forth w/ its  
32 mouth open. (oh, that's it - mouth  
33 open). (Rocking back & forth is symbolic)  
34 What about Rose? Looks like  
35 a pudgy hand w/ its middle  
36 finger up but it's like this:  
37 The middle

38 Ex finger forward was the important  
39 part.

40 What does that mean? <sup>odd from the obvious</sup>  
41 Can't get anything.

42 I left a message for  
43 Is this right or wrong?

44 Hand squeezing a marshmallow  
45 between the fingers.
